- **Sustainability Transparency** – Based on an Environmental, Social, and Governance (ESG) index from Statista's ESG Database and additional research, covering:

    1. **Environmental:** 2024 carbon emissions intensity, reduction rate vs. 2022, and Carbon Disclosure Project (CDP) score
    2. **Social:** share of women on the board and existence of a human rights policy
    3. **Governance:** presence of a Global Reporting Initiative (GRI) aligned Corporate Responsibility Report and a compliance/anti-corruption policy
