**ASBURY AUTOMOTIVE GROUP, INC.**  
**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**  
(Unaudited)

**1. DESCRIPTION OF BUSINESS**

Asbury Automotive Group, Inc. is a national automotive retailer, operating 94 dealership locations (129 franchises) in 23 metropolitan markets as of September 30, 2005. We offer an extensive range of automotive products and services, including new and used vehicles, vehicle maintenance, replacement parts, collision repair services, and financing, insurance and service contracts. We offer 33 domestic and foreign brands of new vehicles, including four heavy truck brands. We also operate 22 collision repair centers that serve our markets.

Our retail network is organized into principally four regions and includes eleven dealership groups, each marketed under different local brands: (i) Florida (comprising our Coggin dealerships, operating primarily in Jacksonville and Orlando, and our Courtesy dealerships operating in Tampa), (ii) West (comprising our McDavid dealerships operating throughout Texas, our Thomason dealerships operating in Portland, Oregon, our Spirit dealerships operating primarily in Los Angeles, California and our Northern California Dealerships operating in Sacramento and Fresno, California), (iii) Mid-Atlantic (comprising our Crown dealerships operating in North Carolina, South Carolina and Southern Virginia) and (iv) South (comprising our Nalley dealerships operating in Atlanta, Georgia, and our North Point dealerships operating in Little Rock, Arkansas.) Our Plaza dealerships operating in St. Louis, Missouri and our Gray Daniels dealerships operating in Jackson, Mississippi remain standalone operations.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Presentation*

The accompanying unaudited interim consolidated financial statements reflect the consolidated accounts of Asbury Automotive Group, Inc. and our wholly owned subsidiaries. All intercompany transactions have been eliminated in consolidation. Certain prior year amounts have been reclassified to conform to the current period presentation.

Certain information in the Consolidated Statement of Cash Flows has been reclassified for all periods presented. The floor plan notes payable reclassification is related to concerns raised by the staff of the U.S. Securities and Exchange Commission. Previously, the Company reported all cash flow activity relating to floor plan notes payable as operating cash flows. Cash flows from floor plan notes payable associated with a party other than an affiliated captive finance company of the vehicle manufacturer, including all floor plan notes payable relating to pre-owned vehicles, have been reclassified from operating activities to financing activities. In addition, we reclassified construction advances associated with sale-leaseback agreements from financing activities to investing activities, which is the preferred presentation from a selection of alternatives. The following table presents the effects of these reclassifications and other reclassifications on the prior year Consolidated Statement of Cash Flows, consistent with the nine months ended September 30, 2005 presentation.

<b>(In thousands)</b>	<b>For the Nine Months Ended September 30, 2004</b>
Cash flow from operating activities – previously reported	\$(26,203)

Floor plan notes payable – non-manufacturer affiliated	15,192
Other	3,264
Cash flow from operating activities – revised	<u>\$(7,747)</u>
Cash flow from investing activities – previously reported	\$(123,325)
Construction advances associated with sale-leaseback agreements	10,088
Cash flow from investing activities – revised	<u>\$(113,237)</u>
Cash flow from financing activities – previously reported	\$61,072
Floor plan notes payable – non-manufacturer affiliated	(15,192)
Construction advances associated with sale-leaseback agreements	(10,088)
Other	(3,264)
Cash flow from financing activities – revised	<u>\$32,528</u>

In the opinion of management, all adjustments (consisting only of normal, recurring adjustments) considered necessary for a fair presentation of the interim consolidated financial statements as of September 30, 2005, and for the three and nine months ended September 30, 2005 and 2004 have been included. The results of operations for the three and nine months ended September 30, 2005 are not necessarily indicative of the results that may be expected for the full year. Our interim consolidated financial statements

4

should be read together with our consolidated financial statements and the notes thereto contained in our Annual Report on Form 10-K for the year ended December 31, 2004.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the periods presented. Actual results could differ from these estimates. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the consolidated financial statements in the period they are determined to be necessary.

In accordance with Statement of Financial Accounting Standards (“SFAS”) No. 144, “Accounting for the Impairment or Disposal of Long-Lived Assets,” certain amounts reflected in the accompanying Consolidated Balance Sheets as of September 30, 2005 and December 31, 2004, have been classified as Assets Held for Sale and Liabilities Associated with Assets Held for Sale. In addition, the accompanying Consolidated Statements of Income for the three and nine months ended September 30, 2004, have been reclassified to reflect the status of our discontinued operations as of September 30, 2005.

#### *Revenue Recognition*

Revenue from the sale of new and used vehicles is recognized upon delivery, passage of title, signing of the sales contract and approval of financing. Revenue from the sale of parts, service and collision repair is recognized upon delivery of parts to the customer or at the time vehicle service or repair work is completed. Manufacturer incentives and rebates, including manufacturer holdbacks and floor plan interest assistance, are recognized as a reduction of new vehicle cost of sales when earned, generally at the time the related vehicles are sold.

We receive commissions from extended service and insurance providers for the sale of vehicle service contracts, credit life insurance and disability insurance to customers. In addition, we receive commissions from financing institutions for arranging customer financing. We may be charged back (“chargebacks”) for finance, insurance or vehicle service contract commissions in the event a contract is terminated by the customer. The revenues from financing fees and commissions are recorded at the time the vehicles are sold and a reserve for future chargebacks is established based on historical operating results and the termination provisions of the applicable contracts. Finance, insurance and vehicle service contract commissions, net of estimated chargebacks, are included in Finance and insurance, net in the accompanying Consolidated Statements of Income.

#### *Goodwill and Other Intangible Assets*

Our retail network is organized into principally four regions and includes eleven dealership groups. We evaluate our operations and financial results by dealership in the aggregate. The general managers, with direction from a centralized management team, including corporate and regional management, implement strategic initiatives while maintaining their ability to respond effectively to local market conditions. Based on our management, operational and reporting structure we operate in one segment and therefore we evaluate goodwill at the total company level.

#### *Stock-Based Compensation*

We account for stock-based compensation issued to employees in accordance with Accounting Principles Board (“APB”) Opinion No. 25, “Accounting for Stock Issued to Employees.” APB Opinion No. 25 requires the use of the intrinsic value method, which measures compensation cost as the excess, if any, of the quoted market price of the stock at the measurement date over the amount an employee must pay to acquire the stock. We have adopted the disclosure provisions of SFAS No. 148, “Accounting for Stock-Based Compensation-Transition and Disclosure-An amendment of FASB Statement No. 123.”

5

The following table illustrates the effect on net income and net income per common share (basic and diluted) had stock-based employee compensation been recorded based on the fair value method under SFAS No. 123 “Accounting for Stock-Based Compensation”:

(In thousands, except per share data)	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2005	2004	2005	2004

Pro forma stock-based compensation expense, net of tax	(669)	(1,410)	(2,009)	(4,012)

Net income per common share—diluted (as reported)	<u>\$0.45</u>	<u>\$0.37</u>	<u>\$1.24</u>	<u>\$1.14</u>
Pro forma net income per common share—basic	<u>\$0.44</u>	<u>\$0.33</u>	<u>\$1.18</u>	<u>\$1.03</u>
Pro forma net income per common share—diluted	<u>\$0.43</u>	<u>\$0.33</u>	<u>\$1.17</u>	<u>\$1.02</u>

We use the Black-Scholes option valuation model (“Black-Scholes”), which is the measure of fair value most often utilized under SFAS No. 123. Traded options, unlike our stock-based awards, are not subject to vesting restrictions, are fully transferable and may use lower expected stock price volatility measures than those assumed below. We estimated the fair value of stock-based compensation issued to employees during each respective period using Black-Scholes with the following weighted average assumptions:

	For the Three Months Ended September 30,		For the Nine Months Ended September 30,	
	2005	2004	2005	2004
Risk free interest rate	4.2%	3.1%	3.8%	3.3%
Expected life of options	4 years	4 years	4 years	4 years
Expected stock price volatility	44%	50%	45%	51%
Expected dividend yield	N/A	N/A	N/A	N/A

#### *Derivative Instruments and Hedging Activities*

We utilize derivative financial instruments to manage our capital structure. The types of risks hedged are those relating to the variability of cash flows and changes in the fair value of our financial instruments caused by movements in interest rates. We document our risk management strategy and assess hedge effectiveness at the inception and during the term of each hedge.

Derivatives are reported at fair value on the accompanying Consolidated Balance Sheets. The changes in fair value of the effective portion of “cash flow” hedges are reported as a component of accumulated other comprehensive income (loss). Amounts in accumulated other comprehensive income (loss) are reclassified to interest expense to the extent the hedge becomes ineffective. The change in fair value of “fair value” hedges are recorded as a component of interest expense. Changes in the fair value of the associated hedged exposures (senior subordinated notes) are also recorded as a component of interest expense.

Measurements of hedge effectiveness are based on comparisons between the gains or losses of the actual interest rate swaps and the gains or losses of hypothetical interest rate swaps which are designed to reflect the critical terms of the defined hedged exposures. Ineffective portions of these interest rate swaps are reported as a component of interest expense in the accompanying Consolidated Statements of Income. We recognized no ineffectiveness during the three months ended September 30, 2005 and during the three and nine months ended September 30, 2004, and minor ineffectiveness during the nine months ended September 30, 2005.

#### *Statements of Cash Flows –*

We finance the acquisition of our new vehicle inventory through (i) an arrangement with Ford Motor Credit Company (“FMCC”) under which we finance all purchases of new Ford vehicles; (ii) an arrangement with General Motors Acceptance Corporation (“GMAC”) under which we finance all purchases of new General Motors vehicles; and (iii) an arrangement with a syndicate of lenders, led by JPMorgan Chase, N.A., to provide floor plan financing for all other new vehicle purchases (the “Committed Credit Facility”).

Historically, we have classified the net borrowings and repayments of floor plan notes payable as an operating activity on the statement of cash flows, as we viewed floor plan borrowings as an integral part of our operations; however, based on comments from the U.S. Securities and Exchange Commission to registrants in the automotive retail industry, we will present net borrowings and repayments on floor plan notes payable from parties other than the captive finance company affiliated with the manufacturer of the purchased vehicle, as a financing activity. We will continue to show net borrowings under our floor plan agreements with FMCC and GMAC for the purchase of inventory from their respective manufacturing affiliate as an operating activity. All borrowings under our Floor Plan Tranche of the Committed Credit Facility will be shown as a net financing activity.

During the nine months ended September 30, 2004, we borrowed from our floor plan facilities with FMCC, GMAC and DaimlerChrysler Financial Services for the purchase of inventory for our dealerships that were not owned by the manufacturing affiliate of the respective captive finance company. As a result, we are reclassifying \$15.2 million of net floor plan activity from operating activities to financing activities.

The net change in used vehicle floor plan financing is reflected as a financing activity in the accompanying Consolidated Statements of Cash flows. We acquire our used vehicle inventory through the acceptance of vehicle trade-ins in connection with the sale of new vehicles and with available cash for used vehicles purchased at auctions. Subsequent to the acquisition of used vehicle inventory, depending upon our liquidity position, we may decide to obtain floor plan financing for these used vehicles. As a result, we classify used vehicle floor plan financing as a financing activity in the accompany Consolidated Statement of Cash Flows.

Construction advances from third parties in connection with sale-leaseback agreements for the construction of new dealership facilities or leasehold improvements to our dealership facilities are included in investing activities in the accompanying Consolidated Statements of Cash Flows, which is the preferred presentation from a selection of alternatives.

Financeable capital expenditures include all expenditures that we have financed during the reporting period or intend to finance in future reporting periods through sale-leaseback transactions or mortgage financing. In addition, in anticipation of the sale of two of our dealerships, we purchased the real estate on which each dealership is located for approximately \$8.2 million and the buyers of these dealerships have agreed to purchase the real estate from us for \$8.2 million. We have classified this transaction as a financeable capital expenditure in the accompanying Consolidated Statement of Cash Flows. Non-financed capital expenditures include all capital expenditures that are not included in financeable capital expenditures.

#### Recent Accounting Pronouncements

In October 2005, the Financial Accounting Standards Board (“FASB”) issued Staff Position (“FSP”) No. FAS 13-1, “Accounting for Rental Costs Incurred during a Construction Period,” which requires rental costs associated with ground or building operating leases that are incurred during a construction period to be recognized as rental expense. This Staff Position is effective for reporting periods beginning after December 15, 2005. We currently capitalize rent incurred during the construction period and amortize the costs over the lease term. We will adopt the provisions of FSP No. FAS 13-1 as of January 1, 2006 and begin expensing all rent incurred during the construction period. We do not expect FSP No. FAS 13-1 to have a material effect on our consolidated financial statements.

In June 2005, the FASB ratified Emerging Issues Task Force (“EITF”) Issue No. 05-6, “Determining the Amortization Period for Leasehold Improvements.” The consensus reached is that leasehold improvements acquired in a business combination or purchased subsequent to the inception of the lease should be amortized over the lesser of the useful life of the asset or the lease term that includes reasonably assured lease renewals as determined on the date of the acquisition of the leasehold improvement. We have adopted the provisions of EITF No. 05-6 and are amortizing leasehold improvements over the lesser of the useful life or the lease term, including reasonably assured renewal periods.

In May 2005, the FASB issued SFAS No. 154, “Accounting Changes and Error Corrections” which replaces APB Opinion No. 20, “Accounting Changes” and SFAS No. 3 “Reporting Accounting Changes in Interim Financial Statements.” SFAS No. 154 requires all direct financial statement effects caused by a voluntary change in accounting principle to be applied retrospectively to prior period financial statements as if the new principle had always been applied, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change in principle. APB Opinion No. 20 and SFAS No. 3 previously required

that a voluntary change in an accounting principle be recognized through a cumulative effect in net income in the period of change. SFAS No. 154 is effective for reporting periods beginning after December 15, 2005. We do not expect SFAS No. 154 to have a material effect on our consolidated financial statements.

In December 2004, the FASB issued SFAS No. 123 (revised 2004), “Share-based Payment.” This statement requires compensation costs related to share-based payment transactions to be recognized in the financial statements. With limited exceptions, the amount of compensation cost will be measured based on the grant-date fair value of the equity or liability instruments issued. Compensation cost will be recognized over the period that an employee provides service in exchange for the award. SFAS No. 123 (revised 2004) replaces SFAS No. 123, “Accounting for Stock-Based Compensation,” and supersedes APB Opinion No. 25, “Accounting for Stock Issued to Employees.” In April 2005, the Securities and Exchange Commission adopted a new rule that amends the compliance dates for SFAS No. 123 (revised 2004). Registrants would have been required to implement the standard as of the beginning of the first interim or annual period that begins after September 15, 2005. The Commission’s new rule allows companies to implement SFAS No. 123 (Revised 2004) at the beginning of their next fiscal year, instead of the next reporting period, that begins after September 15, 2005. We are currently evaluating the effect of this statement on our consolidated financial statements and related disclosures.

## 6. ASSETS AND LIABILITIES HELD FOR SALE

Assets and liabilities classified as held for sale include (i) assets and liabilities associated with discontinued operations, (ii) costs of completed construction projects included in pending sale-leaseback transactions where an unaffiliated third party has advanced us or will advance us funds equal to the cost of construction and (iii) costs of completed construction projects included in pending sale-leaseback transactions where an unaffiliated third party has agreed to purchase the assets from us upon completion of the transaction.

Assets and liabilities associated with discontinued operations include the six remaining franchises (six dealership locations) in Oregon and two franchises (two dealership locations) in Southern California as of September 30, 2005. As of December 31, 2004, assets and liabilities associated with discontinued operations included two franchises (one dealership location) in Florida and two franchises (one dealership location) in Oregon. During the nine months ended September 30, 2005, we sold all four franchises (two dealership locations) that had been held for sale as of December 31, 2004. Assets associated with discontinued operations totaled \$60.5 million and \$11.7 million, and liabilities associated with discontinued operations totaled \$32.9 million and \$7.4 million as of September 30, 2005 and December 31, 2004, respectively.

Included in Assets Held for Sale as of December 31, 2004 was \$14.5 million of costs associated with one completed project included in a pending sale-leaseback transaction. As of December 31, 2004, Liabilities Associated with Assets Held for Sale included \$13.1 million of funds advanced to us from an unaffiliated third party associated with this completed construction project. During the nine months ended September 30, 2005, we received \$1.4 million of funds from the unaffiliated third party and completed this sale-leaseback transaction, which resulted in the removal of \$14.5 million of Assets Held for Sale and Liabilities Associated with Assets Held for Sale from our Consolidated Balance Sheets.

9

A summary of assets and liabilities held for sale is as follows:

(In thousands)	September 30, 2005	December 31, 2004
Assets:		
Inventories	\$41,540	\$7,846

Property and equipment, net	18,793	17,902
Other assets	205	500
<b>Total assets</b>	<b>60,538</b>	<b>26,248</b>

<b>Total liabilities</b>	<b>32,891</b>	<b>20,538</b>
Net assets held for sale	<u>\$27,647</u>	<u>\$5,710</u>

Included in Prepaid and Other Current Assets on the accompanying Consolidated Balance Sheets are costs associated with construction projects, which we intend to sell through sale-leaseback transactions but have not been completed and therefore are not available for sale. In connection with these construction projects, we have entered into sale-leaseback agreements whereby an unaffiliated third party purchased the land and is either advancing funds to us equal to the cost of construction of dealership facilities being constructed on the land or has agreed to purchase the assets from us upon completion of the project. We capitalize the cost of the construction during the construction period and record a corresponding liability equal to the amount of the advanced funds. Upon completion of the construction, we will execute the sale-leaseback transaction and remove the cost of construction and the related liability from our Consolidated Balance Sheets. During the nine months ended September 30, 2005, we sold real estate in connection with two sale-leaseback transactions, which resulted in the removal of \$2.7 million of Prepaid and Other Current Assets and \$1.2 million of Accrued Liabilities from our Consolidated Balance Sheets. The book value of assets associated with construction projects that have not been completed as of September 30, 2005 and December 31, 2004 totaled \$12.8 million and \$6.7 million, respectively. ## 8. DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITY

In December 2003, we entered into two forward interest rate swaps with a combined notional principal amount of \$170.0 million, to provide a hedge against changes in the interest rates of our variable rate floor plan notes payable for a period of eight years beginning in March 2006. The swap agreements were designated and qualify as cash flow hedges of our variable rate floor plan notes payable and will contain minor ineffectiveness. The swaps are scheduled to terminate in March 2006. As of September 30, 2005 and December 31, 2004, the swaps had a fair value of \$7.5 million and \$7.1 million, and are included in Accrued Liabilities and Other Long-Term Liabilities, respectively, on the accompanying Consolidated Balance Sheets.

10

In December 2003, we entered into an interest rate swap agreement with a notional principal amount of \$200.0 million as a hedge against changes in the fair value of our 8% Senior Subordinated Notes due 2014. Under the terms of the swap agreement, we are required to make variable rate payments based on six-month LIBOR and receive a fixed rate of 8.0%. This swap agreement was designated and qualifies as a fair value hedge of our 8% Senior Subordinated Notes due 2014 and did not contain any ineffectiveness. As a result, our 8% Senior Subordinated Notes due 2014 have been adjusted by the fair value of the related swap. The swap is scheduled to terminate in March 2006. As of September 30, 2005 and December 31, 2004, the swap agreement had a fair value of \$5.5 million and \$2.7 million and is included in Accrued Liabilities and Other Long-Term Liabilities, respectively, on the accompanying Consolidated Balance Sheets.

We have entered into an interest rate swap agreement with a notional principal amount of \$15.2 million as a hedge against future changes in the interest rate of our variable rate mortgage notes payable. Under the terms of the swap agreement, we are required to make payments at a fixed rate of 6.08% and receive a variable rate based on LIBOR. This swap agreement was designated and qualifies as a cash flow hedge of changes in the interest rate of our variable rate mortgage notes payable and will contain minor ineffectiveness. As of September 30, 2005, the swap agreement had a fair value of \$0.1 million, which was included in Other Long-Term Assets on the accompanying Consolidated Balance Sheets. As of December 31, 2004, the swap agreement had a fair value of \$0.2 million, which was included in Other Long-Term Liabilities on the accompanying Consolidated Balance Sheets.

During the nine months ended September 30, 2005 and 2004, we made income tax payments totaling \$17.8 million and \$11.0 million, respectively.

During the nine months ended September 30, 2005, we completed two sale-leaseback transactions, one of which resulted in the sale of approximately \$14.5 million of Assets Held for Sale and the removal of \$14.5 million of Liabilities Associated with Assets Held for Sale from our Consolidated Balance Sheets.

During the nine months ended September 30, 2005, we acquired one franchise with \$4.0 million in cash and the exchange of two of our franchises valued at \$1.5 million.

## 13. COMMITMENTS AND CONTINGENCIES

A significant portion of our vehicle business involves the sale of vehicles, parts or vehicles composed of parts that are manufactured outside the United States of America. As a result, our operations are subject to customary risks of importing merchandise, including fluctuations in the relative values of currencies, import duties, exchange controls, trade restrictions, work stoppages and general political and socio-economic conditions in foreign countries. The United States of America or the countries from which our products are imported may, from time to time, impose new quotas, duties, tariffs or other restrictions, or adjust presently prevailing quotas, duties or tariffs, which may affect our operations and our ability to purchase imported vehicles and/or parts at reasonable prices.

Manufacturers may direct us to implement costly capital improvements to dealerships as a condition upon entering into franchise agreements with them. Manufacturers also typically require that their franchises meet specific standards of appearance. These factors, either alone or in combination, could cause us to divert our financial resources to capital projects from uses that management believes may be of higher long-term value, such as acquisitions.

Substantially all of our facilities are subject to federal, state and local provisions regarding the discharge of materials into the environment. Compliance with these provisions has not had, nor do we expect such compliance to have, any material effect upon our capital expenditures, net earnings, financial condition, liquidity or competitive position. We believe that our current practices and procedures for the control and disposition of such materials comply with applicable federal, state and local requirements.

From time to time, we and our dealerships are named in claims involving the manufacture and sale or lease of motor vehicles, including but not limited to the charging of administrative fees, the operation of dealerships, contractual disputes and other matters arising in the ordinary course of our business. With respect to certain of these claims, the sellers of our acquired dealerships have indemnified us. We do not expect that any potential liability from these claims will materially affect our financial condition, liquidity, results of operations or financial statement disclosures.

Our dealerships hold dealer agreements with a number of vehicle manufacturers. In accordance with the individual dealer agreements, each dealership is subject to certain rights and restrictions typical of the industry. The ability of the manufacturers to influence the operations of the dealerships or the loss of a dealer agreement could have a negative impact on our operating results.

In connection with the sale of one of our dealership locations, we have guaranteed the future lease payments on one dealership operating lease. The primary obligor of the lease is the buyer of the dealership. We would have to make the lease payments if the buyer were to default under the terms of the lease. The total amount of future payments is approximately \$2.8 million through 2009.

#### 14. CONDENSED CONSOLIDATING FINANCIAL INFORMATION

Our 8% Senior Subordinated Notes due 2014 are guaranteed by all of our current subsidiaries, other than our current Toyota and Lexus dealership subsidiaries, and all of our future domestic restricted subsidiaries, other than our future Toyota and Lexus dealership facilities. The following tables set forth, on a condensed consolidating basis, our balance sheets, statements of income and statements of cash flows, of our guarantor and non-guarantor subsidiaries for all financial statement periods presented in our interim consolidated financial statements.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors and Shareholders of Asbury Automotive Group, Inc.:

We have reviewed the accompanying consolidated balance sheet of Asbury Automotive Group, Inc. and subsidiaries (the "Company") as of September 30, 2005, and the related consolidated statements of income for the three and nine-month periods ended September 30, 2005 and 2004, and statements of cash flows for the nine-month periods ended September 30, 2005 and 2004. These interim financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of the Company as of December 31, 2004, and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated March 14, 2005 we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying consolidated balance sheet as of December 31, 2004 is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

We are one of the largest automotive retailers in the United States, operating 94 dealership locations (129 franchises) in 23 metropolitan markets within 11 states as of September 30, 2005. We offer 33 different brands of new vehicles, including four heavy truck brands. We also operate 22 collision repair centers that serve our markets.

We have grown our business through the acquisition of large dealership groups and numerous "tuck-in" acquisitions. "Tuck-in" acquisitions refer to the purchase of dealerships in the market areas in which we have existing dealerships. We use "tuck-in" acquisitions to increase the number of vehicle brands we offer in a particular market area and to create a larger gross profit base over which to spread overhead costs.

Our retail network is organized into principally four regions and includes eleven dealership groups, each marketed under different local brands: (i) Florida (comprising our Coggin dealerships, operating primarily in Jacksonville and Orlando, and our Courtesy dealerships operating in Tampa), (ii) West (comprising our McDavid dealerships operating throughout Texas, our Thomason dealerships operating in Portland, Oregon, our Spirit dealerships operating primarily in Los Angeles, California and our Northern California Dealerships operating in Sacramento and Fresno, California), (iii) Mid-Atlantic (comprising our Crown dealerships operating in North Carolina, South Carolina and Southern Virginia) and (iv) South (comprising our Nalley dealerships operating in Atlanta, Georgia and our North Point dealerships operating in Little Rock, Arkansas). Our Plaza dealerships operating in St. Louis, Missouri and our Gray Daniels dealerships operating in Jackson, Mississippi, remain standalone operations. During the third quarter of 2005, we entered into agreements to divest of all our Thomason dealerships in Portland, Oregon and our Spirit Nissan store in Rancho Santa Margarita, California. When those sales close, we will exit the Portland, Oregon and Rancho Santa Margarita markets, thereby reducing our number of metropolitan markets to 21.

Our revenues are derived primarily from four offerings: (i) the sale of new vehicles to individual retail customers ("new retail") and to commercial customers ("fleet") (the terms "new retail" and "fleet" being collectively referred to as "new"); (ii) the sale of used vehicles to individual retail customers ("used retail") and to other dealers at auction ("wholesale") (the terms "used retail" and "wholesale" being collectively referred to as "used"); (iii) maintenance and collision repair services and the sale of automotive parts (collectively referred to as "fixed operations"); and (iv) the arrangement of vehicle financing and the sale of various third-party insurance and warranty products (collectively referred to as "F&I"). We evaluate the results of our new and used vehicle sales based on unit volumes and gross profit per vehicle retailed ("PVR"), our fixed operations based on aggregate gross profit, and F&I based on gross profit PVR. We assess the organic growth of our revenue and gross profit by comparing the year-to-year results of stores that we have operated for at least twelve months ("same store").

Our gross profit percentage varies with our revenue mix. The sale of vehicles generally results in lower gross profit percentages than our fixed operations. As a result, when fixed operations revenue increases as a percentage of total revenue, we expect our overall gross profit percentage to increase.

Selling, general and administrative ("SG&A") expenses consist primarily of fixed and incentive-based compensation, advertising, rent, insurance, utilities and other customary operating expenses. A significant portion of our selling expenses is variable (such as sales commissions), or controllable expenses (such as advertising), generally allowing our cost structure to adapt in response to trends in our business. We evaluate commissions paid to sales and F&I associates as a percentage of retail vehicle gross profit and all other SG&A expenses in the aggregate as a percentage of total gross profit.

Sales of vehicles (particularly new vehicles) have historically fluctuated with general macroeconomic conditions, including consumer confidence, availability of consumer credit and fuel prices. Although these factors may impact our business, we believe that any future negative trends will be mitigated by increased used vehicle sales, stability in our fixed operations, our variable cost structure, our regional diversity and our advantageous brand mix, which is weighted toward luxury and mid-line import brands. Historically, luxury and mid-line import brands, have been less affected by market volatility than the U.S. automobile retailing industry as a whole. We expect the recent industry-wide gain in market share of the luxury and mid-line import brands to continue in the near future.

Our operations are generally subject to modest seasonal variations as we tend to generate more revenue and operating income in the second and third quarters than in the first and fourth quarters of a calendar year. Historically, the seasonal variations in our operations have been caused by factors relating to weather conditions, model changeovers and consumer buying patterns, among other things. However, over the past several years, certain automobile

manufacturers have used a combination of vehicle pricing and financing incentive programs to generate increased customer demand for new vehicles. Industry research suggests that the extensive use of manufacturer incentive programs and pricing promotions has impacted the historical cyclicity of new vehicle sales in the U.S. as customers have been conditioned to postpone the purchase of a vehicle until a manufacturer program or promotion is available.

We anticipate that the manufacturers will continue to use these incentive programs in the future and, as a result, we will continue to monitor and adjust our vehicle inventory mix in response to these programs. In addition, we will continue to expand our service capacity in order to meet anticipated future demand as we expect the relatively high volume of new vehicle sales, resulting from the highly "incentivized" new vehicle market, will drive future service demand at our dealership locations.

Interest rates over the past several years have been at historic lows. We do not believe that the increase in interest rates during 2005 and expected increases in 2006 will significantly impact customer overall buying patterns, as changes in interest rates do not dramatically increase the monthly payment of a financed vehicle. For example, the monthly payment for a typical vehicle financing transaction in which a customer finances \$25,000 at 8.0% over 60 months increases by approximately \$6.00 with each 0.5% increase in interest rates.

During the fourth quarter of 2004, we began the process of reorganizing our dealerships into regions. We expect a significant improvement in management effectiveness as a result of this reorganization, as well as added operating and cost efficiencies. During the nine months ended September 30, 2005, we incurred \$2.6 million of after-tax severance and other costs related to our regional reorganization; however, we began realizing the benefit of our realigned structure through lower personnel costs beginning in the second quarter. As a result, through September 30, 2005, we have realized \$1.3 million in after-tax savings. Our regional reorganization was substantially complete as of September 30, 2005. Currently, we estimate that the regional reorganization will improve income from continuing operations by approximately \$3.5 million each year beginning in 2006.

## RESULTS OF OPERATIONS

### Three Months Ended September 30, 2005, Compared to Three Months Ended September 30, 2004

Net income increased \$2.9 million to \$15.0 million, or \$0.45 per diluted share, for the three months ended September 30, 2005, from \$12.1 million, or \$0.37 per diluted share, for the three months ended September 30, 2004.

Income from continuing operations increased \$4.4 million to \$17.5 million, or \$0.53 per diluted share, for the three months ended September 30, 2005, from \$13.1 million, or \$0.40 per diluted share, for the three months ended September 30, 2004.

The 23% increase in net income resulted from several factors, including: (i) a 15% increase in retail unit sales volume, (ii) a \$223 improvement in the average gross profit per used vehicle retailed, (iii) \$9.1 million in growth of fixed operations gross profit, (iv) a \$3.2 million increase in same store F&I revenue resulting from increases in new and used retail sales volumes, (v) the negative impact of the hurricanes in Florida on our operations during the third quarter of last year, and (vi) a \$0.5 million increase in our wholesale gross profit. These factors were partially offset by the following: (a) a \$3.4 million increase in floor plan and non floor plan interest expense due to rising interest rates and (b) a \$1.6 million increased loss from discontinued operations principally as a result of agreements to sell the remainder of the Thomason dealerships in Portland, Oregon.

(1) Same store amounts include the results of dealerships for the identical months for each period presented in the comparison, commencing with the first full month in which the dealership was owned by us.

Total revenues increased 13% to \$1.4 billion for the three months ended September 30, 2005, from \$1.3 billion for the three months ended September 30, 2004. Same store revenues increased 10% to \$1.4 billion for the three months ended September 30, 2005, from \$1.3 billion for the three months ended September 30, 2004.

Same store new retail revenue increased 9% to \$842.4 million for the three months ended September 30, 2005, from \$773.7 million for the prior year period, as a result of a 10% increase in new retail unit sales. Same store used vehicle retail revenue increased 19% to \$265.3 million, compared to \$223.7 million for the prior year period. Our same-store used retail unit sales increased 13% due to the continued strength of the used vehicle market during the quarter combined with the availability of high quality “trade-in” vehicles from the strong new vehicle retail market.

Fixed operations revenue increased 13%, to \$167.8 million for the three months ended September 30, 2005, from \$148.6 million for the three months ended September 30, 2004. Same store fixed operations revenue increased 12% to \$165.8 million for the three months ended September 30, 2005, compared to \$148.6 million for the three months ended September 30, 2004, as we had substantial growth across each line of our fixed business (13% increase in parts, 13% increase in service and a 5% increase in collision repair). This growth is a result of (i) our continued service adviser training, (ii) expansion of our product offerings, (iii) the implementation of more strategic advertising campaigns and (iv) our investment in expanding our service capacity. This was the fourth straight quarter that we experienced double digit fixed operations same store revenue growth. We expect fixed operations to continue to grow as we expand our service capacity through 2006. So far this year we have added 32 service stalls and we plan to add

26

an additional 30 to 40 service stalls during the fourth quarter. In addition we have added 100 service technicians through September 30, 2005, and we plan on hiring another 20 to 30 technicians by the end of the 2005.

F&I revenue increased 12% to \$40.4 million for the three months ended September 30, 2005, from \$36.0 million for the three months ended September 30, 2004. Same store dealership generated F&I increased 10% for the three months ended September 30, 2005, compared to the three months ended September 30, 2004, driven by the increase in our retail unit sales volumes. Dealership generated F&I PVR (previously referred to as platform PVR) decreased 1% to \$857 million for the three months ended September 30, 2005, compared to the three months ended September 30, 2004. Dealership generated F&I revenue excludes revenue from contracts negotiated by our corporate office, which is attributable to retail units sold during prior periods. Corporate generated F&I revenue was \$1.2 million for the three month periods ended September 30, 2005, compared to \$1.4 million for the prior year period. We expect this revenue to decrease over the next few years.

We expect total revenue to increase as we continue to acquire dealerships, expand our service capacity and grow F&I revenues by focusing on our under-performing dealerships. However, future revenue growth will rely heavily on our ability to grow our sales volumes of new and used vehicles.

(2) Refer to “Reconciliation of Non-GAAP Financial Information” for further discussion regarding dealership generated finance and insurance gross profit PVR.

Gross profit increased 15% to \$220.0 million for the three months ended September 30, 2005, from \$191.7 million for the three months ended September 30, 2004. Same store gross profit increased 13% to \$214.2 million for the three months ended September 30, 2005, compared to \$190.3 million for the three months ended September 30, 2004. The overall increase in same store gross profit was driven by double digit percentage increases in all four lines of business, lead by a 36% increase in used vehicle gross profit.

Same store gross profit on new retail vehicle sales increased \$4.8 million to \$59.3 million for the three months ended September 30, 2005, compared to the three months ended September 30, 2004. The increase in same store gross profit on new retail vehicle sales was attributable to a 10% increase in same store unit sales as our average selling price and average gross profit per retail vehicles sold was flat with the prior year period. We expect that margins on new vehicles will be under pressure for the foreseeable future.

Same store gross profit on used vehicle retail sales increased \$7.1 million to \$32.4 million for the three months ended September 30, 2005, compared to \$25.2 million for the three months ended September 30, 2004. Due to a strong market during the quarter and our ability to better value trade-ins, we were able to increase average gross profit PVR by 13% over the prior year period. In addition, the strength of the used vehicle market enabled us to reduce our wholesale loss by \$0.5 million for the three months ended September 30, 2005, compared to the prior year quarter.

Same store gross profit from fixed operations increased 10% to \$84.6 million for the three months ended September 30, 2005, from \$76.7 million for the three months ended September 30, 2004, resulting primarily from the continued strong performance of our “customer pay” business.

#### *Selling, General and Administrative Expenses-*

SG&A expenses increased \$17.2 million to \$170.5 million for the three months ended September 30, 2005, from \$153.3 million for the three months ended September 30, 2004. SG&A expenses as a percentage of gross profit for the three months ended September 30, 2005, improved 250 basis points to

77.5%, from 80.0% for the prior year period. The improvement in SG&A expenses as a percentage of gross profit was attributable to (i) our regional reorganization, which was largely completed during the first quarter of 2005; (ii) a reduction in advertising spend; and (iii) reduced insurance costs resulting from lower loss rates for worker compensation and initiatives in the area of property and casualty insurance.

Although there are many variables that impact the SG&A expenses as a percentage of gross profit, including the seasonality of the automotive retail business, we believe our regional reorganization demonstrates our commitment to reducing our fixed cost structure and, absent other factors, will continue to result in a decrease in SG&A expenses as a percentage of gross profit in future periods. During the first nine months of 2005, we incurred approximately \$4.2 million in severance and other costs related to our regional reorganization and realized the benefit of \$2.1 million of reduced salary cost as a result of the reorganization. We have

substantially completed our regional reorganization as of September 30, 2005 and do not anticipate material future costs. Currently, we estimate that our regional reorganization will reduce SG&A expenses by approximately \$5.5 million annually, beginning in 2006.

#### *Depreciation and Amortization-*

Depreciation and amortization expense increased \$0.5 million for the three months ended September 30, 2005, to \$4.9 million from \$4.4 million for the three months ended September 30, 2004, as the result of property and equipment additions and dealership facilities purchased during 2004 and 2005. We expect depreciation and amortization expense to increase in the future as we continue to upgrade our facilities, expand our service centers and acquire additional dealerships.

#### *Other Income (Expense)-*

Floor plan interest expense increased \$1.7 million to \$6.6 million for the three months ended September 30, 2005, from \$4.9 million for the three months ended September 30, 2004. The increase in floor plan interest expense over the prior year period was the result of higher interest rates which offset a 5% reduction in the average inventory balance. We expect interest rates to continue to rise in the near future.

Other interest expense increased \$1.7 million to \$10.3 million for the three months ended September 30, 2005, from \$8.6 million for the three months ended September 30, 2004. The increase was the result of higher interest rates which offset a reduction in variable rate debt as we repaid \$29.2 million of variable rate mortgage notes payable during the nine months ended September 30, 2005. We expect that our outstanding debt balances will remain relatively consistent for the near future, as we anticipate our next several acquisitions will be funded with our available cash. Fluctuations in other interest expense during the remainder of 2005 will be affected by potential changes in interest rates on \$232.2 million of variable rate debt, consisting of (i) \$200.0 million of our 8% Senior Subordinated Notes due 2014, which is variable until March 2006 as a result of the fair value swap, (ii) \$21.4 million of notes payable secured by service loaner vehicles and (iii) \$10.8 million of variable mortgage notes payable.

#### *Income Tax Expense-*

Income tax expense increased \$2.7 million to \$10.5 million for the three months ended September 30, 2005, from \$7.8 million for the three months ended September 30, 2004, due to a \$7.1 million increase in income before income taxes for the three months ended September 30, 2005, compared to the three months ended September 30, 2004. In addition, our effective tax rate for the three months ended September 30, 2005 and September 30, 2004 was 37.5%. As a result of operating nationally, our effective tax rate is dependent upon our geographic revenue mix, and we evaluate our effective tax rate periodically based on our revenue sources. We expect that our annual effective tax rate will be approximately 37.5% for the year ending December 31, 2005.

#### *Discontinued Operations-*

During the three months ended September 30, 2005, we exchanged two franchises with a fair market value of \$1.5 million and \$4.0 million in cash for one franchise, and as of September 30, 2005, we were under contract to sell eight franchises (eight dealership locations). The \$2.5 million loss from discontinued operations is attributable to the net loss on the exchange of two franchises during the quarter and the operating losses of the franchises mentioned above. The loss from discontinued operations for the three months ended September 30, 2004, of \$0.9 million included the results of operations of the dealerships mentioned above, sixteen franchises (eleven dealership locations) that were sold or closed between July 1, 2004 and June 30, 2005, and the net loss on the sale of franchises during the three months ended September 30, 2004.

#### **Nine Months Ended September 30, 2005, Compared to Nine Months Ended September 30, 2004**

Net income increased \$3.4 million to \$40.6 million, or \$1.24 per diluted share, for the nine months ended September 30, 2005, from \$37.2 million, or \$1.14 per diluted share, for the nine months ended September 30, 2004.

Income from continuing operations increased \$6.8 million to \$45.5 million, or \$1.38 per diluted share, for the nine months ended September 30, 2005, from \$38.7 million, or \$1.18 per diluted share, for the nine months ended September 30, 2004.

The 9% increase in net income resulted from several factors, including: (i) a 24% increase in used vehicle gross profit, (ii) the continued strong performance of both fixed operations and F&I, both with double digit increase in gross profit, (iii) expense reductions resulting from our regional reorganization, (iv) expense reduction initiatives, particularly in the area of insurance and advertising, and (v) the negative impact of the hurricanes in Florida on our operations during the third quarter of last year. These items were offset by increases in (a) severance and related expenses resulting from the regional reorganization and (b) interest expense resulting from higher interest rates.

Total revenues increased 14% to \$4.1 billion for the nine months ended September 30, 2005, from \$3.6 billion for the nine months ended September 30, 2004. Same store revenue grew 10% to \$4.0 billion for the nine months ended September 30, 2005, from \$3.6 billion for the nine months ended September 30, 2004.

Same store new vehicle retail revenue grew \$168.7 million, or 8%, during the first nine months of 2005, compared to the first nine months of 2004, reflecting a 6% increase in same store new retail unit sales and a 2% increase in the average selling price per retail unit. Same store used vehicle retail revenue increased \$101.3 million, or 15%, to \$755.8 million on a 8% increase in same store unit sales and 7% increase in the average selling price per vehicle retailed in the first nine months of 2005, compared to the same period of 2004, as the used vehicle market continues to be strong.

Fixed operations revenue increased 14%, 11% on a same store basis, for the nine months ended September 30, 2005, compared to the nine months ended September 30, 2004. Our fixed operations business continues to benefit from our "customer pay" business, which we are driving through increased service capacity; a strong warranty business, driven by manufacturer recall earlier in the year; and increases in our parts wholesale business.

Same store dealership generated F&I revenue increased \$12.8 million to \$107.5 million for the nine months ended September 30, 2005, compared to \$94.8 million for the nine months ended September 30, 2004, due to increased retail vehicle volume and F&I PVR. Corporate generated F&I revenue was \$3.8 million for the nine month period ended September 30, 2005, compared to \$4.6 million for the prior year period.

(2) Refer to “Reconciliation of Non-GAAP Financial Information” for further discussion regarding dealership generated finance and insurance gross profit PVR.

Gross profit increased 14% to \$630.2 million for the nine months ended September 30, 2005, from \$555.1 million for the nine months ended September 30, 2004. Same store gross profit increased 10% to \$607.9 million for the nine months ended September 30, 2005, from \$550.6 million for the nine months ended September 30, 2004.

Same store gross profit from new retail vehicle sales increased 5% for the nine months ended September 30, 2005, compared to the nine months ended September 30, 2004 due to a 6% increase in same store unit sales.

Same store gross profit on used vehicle retail sales increased 16% to \$88.5 million for the nine months ended September 30, 2005, from \$76.2 million for the nine months ended September 30, 2004, due to a strong used vehicle market during the first half of 2005 and the availability of high quality trade-in vehicles resulting from increased new vehicle sales volumes.

Same store gross profit from fixed operations increased 10% to \$243.3 million for the nine months ended September 30, 2005, from \$222.0 million for the nine months ended September 30, 2004, resulting primarily from increased “customer pay” and, to a lesser extent, warranty work in both parts and service.

Same store dealership generated F&I PVR increased 6% to \$883 for the nine months ended September 30, 2005, from \$831 for the nine months ended September 30, 2004. The increase in F&I PVR is attributable to (i) increased service contract penetration, (ii) utilization of menus in the F&I sales process and (iii) maturation of our corporate-sponsored programs.

#### *Selling, General and Administrative Expenses-*

For the nine months ended September 30, 2005, SG&A expenses increased \$55.3 million to \$493.3 million, from \$438.0 million for the nine months ended September 30, 2004. SG&A expenses as a percentage of gross profit for the nine months ended September 30, 2005 decreased to 78.3%, from 78.9% for the nine months ended September 30, 2004. The 60 basis point reduction in SG&A expense as a percentage of gross profit is attributed to (i) cost savings resulting from the regional reorganization (ii) reductions in advertising and insurance due to corporate sponsored initiatives which more than offset the increases in SG&A resulting from (i) the severance and related cost of the our regional reorganization and (ii) the increases in rent expense from the major sale-leaseback transaction completed in July 2004.

#### *Depreciation and Amortization-*

Depreciation and amortization expense increased \$0.6 million to \$14.4 million for the nine months ended September 30, 2005, from \$13.8 million for the nine months ended September 30, 2004. The increase in depreciation and amortization was primarily related to the addition of property and equipment acquired during 2004 and 2005, offset by a reduction in property and equipment sold in sale-leaseback transactions completed during 2004.

#### *Other Income (Expense)-*

Floor plan interest expense increased \$7.0 million to \$20.7 million for the nine months ended September 30, 2005, from \$13.7 million for the nine months ended September 30, 2004. This increase was attributable to higher average interest rates on our floor plan notes payable.

Other interest expense increased \$1.2 million to \$30.2 million for the nine months ended September 30, 2005, as compared to \$29.0 million for the nine months ended September 30, 2004, as increases in interest rates more than offset the impact of approximately \$29.2 million of our variable rate mortgage notes payable that were repaid during 2005.

#### *Income Tax Provision-*

Income tax expense increased \$4.4 million to \$27.3 million for the nine months ended September 30, 2005, compared to the nine months ended September 30, 2004, due, in part, to the \$11.1 million increase in income before income taxes for the nine months ended September 30, 2005, compared to the nine months ended September 30, 2004. In addition, our effective tax rate for the nine months ended September 30, 2005, was 37.5% compared to 37.2% for the nine months ended September 30, 2004, as we received a \$0.2 million state tax benefit in the second quarter of 2004 which reduced our 2004 effective tax rate.

#### *Discontinued Operations-*

During the nine months ended September 30, 2005, we sold six franchises (two dealership locations), and as of September 30, 2005, we were under contract to sell eight franchises (eight dealership locations). The \$4.9 million loss from discontinued operations is attributable to the net loss on sale of dealerships sold during the nine months ended September 30, 2005, and the operating losses of the franchises mentioned above. The loss from discontinued operations for the nine months ended September 30, 2004, of \$1.5 million includes the net operating losses of the dealerships mentioned above, fourteen franchises (ten dealership locations), that were sold during 2004, and the net loss on the sale of franchises during the nine months ended September 30, 2004.

## **LIQUIDITY AND CAPITAL RESOURCES**

We require cash to fund working capital needs, finance acquisitions of new dealerships and fund capital expenditures. We believe that our cash and cash equivalents on hand as of September 30, 2005, our funds generated through future operations and the funds available for borrowings under our committed credit facility, floor plan financing agreements, mortgage notes payable and proceeds from sale-leaseback transactions will be sufficient to fund our debt service and working capital requirements, commitments and contingencies, acquisitions and any seasonal operating requirements for the foreseeable future.

As of September 30, 2005, we had cash and cash equivalents of approximately \$26.0 million and working capital of \$295.5 million. In addition, we had \$150.0 million available for borrowings under our committed credit facility for working capital, general corporate purposes and acquisitions.

#### *Committed Credit Facility*

On March 23, 2005, we entered into a committed credit facility (the “Committed Credit Facility”) with JPMorgan Chase, N.A., 16 other financial institutions (the “Syndicate”) and Ford Motor Credit Corporation (“FMCC”), collectively the Lenders. Concurrently with entering into the Committed Credit Facility, we terminated our First Amended and Restated Credit Agreement with FMCC, General Motors Acceptance Corporation (“GMAC”) and DaimlerChrysler Financial Services North America LLC. The Committed Credit Facility provides us with \$650.0 million of new and used vehicle inventory financing (“Floor Plan Tranche”) and \$150.0 million of working capital borrowing capacity (“Working Capital Tranche”). In addition, FMCC and GMAC have committed \$150.0 million and \$100.0 million, respectively, of floor plan financing outside of the Syndicate to finance inventory at our Ford dealerships

and General Motors' dealerships. In total, these commitments give us \$150.0 million of working capital borrowing capacity and \$900.0 million of floor plan borrowing capacity.

During the nine months ended September 30, 2005, we borrowed \$15.0 million from the Working Capital Tranche of our Committed Credit Facility, of which \$8.2 million was used for the purchase of real estate on which two of our dealerships are located. The remainder of the borrowings was used for general corporate purposes. During the nine months ended September 30, 2005, we repaid the \$15.0 million borrowed from our Committed Credit Facility.

#### *Floor Plan Financing-*

We finance substantially all of our new vehicle inventory and, at our option, have the ability to finance a portion of our used vehicle inventory. As of September 30, 2005, total borrowing capacity under the floor plan financing agreements with our vehicle floor plan providers totaled \$900.0 million. In addition, as of September 30, 2005, we had total borrowing capacity of \$56.0 million under ancillary floor plan financing agreements with Comerica Bank and Navistar Financial for our heavy trucks business in Atlanta, Georgia. As of September 30, 2005, we had \$531.2 million, including \$32.3 million classified as Liabilities Associated with Assets Held for Sale, outstanding under all our floor plan financing agreements.

#### *Derivative Instruments-*

We have three interest rate swap agreements that are scheduled to terminate in March 2006. At that time, we will make a cash payment equal to the fair market value of the swap agreements on that date. As it is our intention to keep the related debt in place subsequent to the termination of these swaps, the corresponding amount in Accumulated Other Comprehensive Income and the offset to our 8% Senior Subordinated Notes Payable due 2014 will be recognized as a component of floor plan interest expense and other interest expense, respectively, over the original swap terms of 10 years (8 years from the point of termination). As of September 30, 2005, the combined liability of the swap agreements was \$13.0 million.

#### *Acquisitions and Acquisition Financing-*

During the nine months ended September 30, 2005, we acquired two franchises (one dealership location) for an aggregate purchase price of \$5.9 million, of which \$5.3 million was paid in cash through the use of available funds and \$0.6 million represented the fair value of future payments. In addition to the franchises mentioned above, we acquired one franchise through the exchange of two of our franchises valued at \$1.5 million and \$4.0 million in cash. During the nine months ended September 30, 2004, we acquired six franchises (six dealership locations) for an aggregate purchase price of \$74.2 million, of which \$71.6 million was paid in cash through the use of available funds, with the remaining \$2.6 million representing the fair value of future payments associated with one of our acquisitions.

---

#### *Sale-Leaseback Transactions-*

During the nine months ended September 30, 2005, we completed two sale-leaseback transactions and sold real estate in connection with a pending sale-leaseback transaction, which resulted in the sale of approximately \$17.2 million of real estate and construction improvements and the commencement of long-term operating leases for the assets sold.

#### *Debt Covenants-*

We are subject to certain financial covenants in connection with our debt and lease agreements, including the financial covenants described below. Our Committed Credit Facility includes certain financial ratios with the following requirements: (i) an adjusted current ratio of at least 1.2 to 1, of which our ratio was approximately 1.6 to 1 as of September 30, 2005; (ii) a fixed charge coverage ratio of at least 1.2 to 1, of which our ratio was approximately 1.4 to 1 as of September 30, 2005; (iii) an adjusted leverage ratio of not more than 4.5 to 1, of which our ratio was approximately 2.8 to 1 as of September 30, 2005 and (iv) a minimum adjusted net worth of not less than \$350.0 million, of which our adjusted net worth was approximately \$475.4 million as of September 30, 2005. A breach of these covenants could cause an acceleration of repayment of our Committed Credit Facility if not otherwise waived or cured. Certain of our lease agreements include financial ratios with the following requirements: (i) a liquidity ratio of at least 1.2 to 1, of which our ratio was approximately 1.4 to 1 as of September 30, 2005 and (ii) an EBITDA based coverage ratio of at least 1.5 to 1, of which our ratio was approximately 3.1 to 1 as of September 30, 2005. A breach of these covenants would give rise to certain lessor remedies under our various lease agreements, the most severe of which include the following: (a) termination of the applicable lease, (b) termination of certain of the tenant's lease rights, such as renewal rights and rights of first offer or negotiation relating to the purchase of the premises, and/or (c) a liquidated damages claim equal to the amount to which the accelerated rents under the applicable lease for the remainder of the lease term exceed the fair market rent over the same periods. As of September 30, 2005, we were in compliance with all our debt and lease agreement covenants.

#### **Cash Flows for the Nine Months Ended September 30, 2005 Compared to the Nine Months Ended September 30, 2004**

We finance the acquisition of our new vehicle inventory through (i) an arrangement with Ford Motor Credit Company under which we finance all purchases of new Ford vehicles; (ii) an arrangement with General Motors Acceptance Corporation under which we finance all purchases of new General Motors vehicles; and (iii) an arrangement with a syndicate of lenders to provide floor plan financing for all other new vehicle purchases.

Historically, we have classified the net borrowings and repayments of floor plan notes payable as an operating activity on the statement of cash flows, however, based on comments from the U.S. Securities and Exchange Commission to registrants in the automotive retail industry, we now present net borrowings and repayments on floor plan notes payable associated with parties other than the captive finance company affiliated with the manufacturer of the purchased vehicle as a financing activity.

Floor plan borrowings are required by all vehicle manufacturers for the purchase of new vehicles, and our agreements with our floor plan providers require us to repay amounts borrowed for the purchase of a vehicle immediately after that vehicle is sold. As a result, changes in floor plan notes payable are directly linked to changes in new vehicle inventory and therefore are an integral part of understanding changes in our working capital and operating cash flow. Consequently, we have provided a reconciliation of cash flow from operating activities and financing activities, as if all changes in new vehicle floor plan were classified as an operating activity.

#### *Operating Activities-*

Net cash provided by operating activities, as adjusted, totaled \$75.5 million for the nine months ended September 30, 2005. Net cash used in operating activities totaled \$22.9 million for the nine months ended September 30, 2004. Cash flow from operating activities includes net income adjusted for non-cash items and changes in working capital, including changes in floor plan notes payable related to vehicle inventory.

The increase in our cash flow from operating activities for the nine months ended September 30, 2005, compared to the nine months ended September 30, 2004, was primarily attributable to (i) the timing of collection of accounts receivable and contracts-in-transit, (ii) the timing of inventory purchases and repayments of floor plan notes payable and (iii) timing of payments of accounts payable and accrued liabilities. In addition, during the nine months ended September 30, 2004, we decided to repay a portion of our new and used vehicle floor plan notes payable prior to the sale of the related vehicles, which reduced our cash flow from operating activities by approximately \$56.0 million for the nine months ended September 30, 2004.

#### *Investing Activities—*

Net cash used in investing activities totaled \$49.2 million and \$113.2 million for the nine months ended September 30, 2005 and 2004, respectively. Cash flows from investing activities relate primarily to capital expenditures, acquisition and divestiture activity, sale of property and equipment and construction advances from lessors in connection with our sale-leaseback agreements.

Capital expenditures were \$51.0 million and \$56.6 million for the nine months ended September 30, 2005 and 2004, respectively, of which \$24.4 million and \$20.4 million, were financed or were pending financing through sale-leaseback agreements or mortgage notes payable for the nine months ended September 30, 2005 and 2004, respectively. Our capital investments consisted of upgrades of our existing facilities and construction of new facilities. Future capital expenditures will relate primarily to upgrading existing dealership facilities and operational improvements that we expect will provide us with acceptable rates of return on our investments. During the nine months ended September 30, 2005 and 2004, we received \$4.1 million and \$10.1 million, respectively, in construction advances from lessors in connection with our sale-leaseback agreements. We expect that capital expenditures during 2005 will total approximately \$80.0 million, of which we intend to finance approximately 60% principally through sale-leaseback agreements.

Cash used for acquisitions totaled \$9.3 million and \$71.6 million for the nine months ended September 30, 2005 and 2004, respectively. We do not anticipate making any additional acquisitions in 2005.

Proceeds from the sale of assets totaled \$5.1 million and \$4.0 million for the nine months ended September 30, 2005 and 2004, respectively. We are under contract to sell the six remaining Thomason dealerships in Portland, Oregon in the fourth quarter of 2005. Based on the contracted sales price, we will receive approximately \$40 million of proceeds, and we expect to generate another \$20 million in cash in the first quarter of 2006 through cash tax savings and the settlement of net assets not included in the sale. We continuously monitor the profitability and market value of our dealerships and, under certain conditions, may strategically divest non-profitable dealerships.

#### *Financing Activities—*

Net cash used in financing activities, as adjusted, totaled \$28.4 million for the nine months ended September 30, 2005. Net cash provided by financing activities totaled \$47.7 million during the nine months ended September 30, 2004. During the nine months ended September 30, 2005 and 2004, proceeds from borrowings amounted to \$23.3 million and \$21.6 million, which was used to finance construction on our dealership facilities and general corporate purposes. In addition, in 2005 we incurred \$5.0 million of debt issuance costs associated with our Committed Credit Facility.

During the nine months ended September 30, 2005 and 2004, we repaid debt of \$49.7 million and \$90.3 million, respectively. During the nine months ended September 30, 2005, we repaid \$32.4 million of our outstanding mortgage notes payable the majority of which resulted from our decision to repay approximately \$29.2 million of our variable rate mortgage notes payable.

36

#### **Off-Balance Sheet Transactions**

We had no material off-balance sheet transactions during the periods presented other than those disclosed in Note 13 of our consolidated financial statements.

#### **Stock Repurchase Restrictions**

Pursuant to the indentures governing our 9% Senior Subordinated Notes due 2012, our 8% Senior Subordinated Notes due 2014 and our Committed Credit Facility, our ability to repurchase shares of our common stock is limited. As of September 30, 2005, our ability to repurchase shares was limited to an aggregate purchase price of \$37.1 million due to these restrictions. We did not repurchase any shares of our common stock during 2005 or 2004.

## CRITICAL ACCOUNTING ESTIMATES

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and reported amounts of revenues and expenses during the periods presented. Actual amounts could differ from those estimates. On an ongoing basis, management evaluates its estimates and assumptions and the effects of revisions are reflected in the financial statements in the period in which they are determined to be necessary. The accounting policies described below are those that most frequently require management to make estimates and judgments, and therefore are critical to understanding our results of operations. Senior management has discussed the development and selection of these accounting estimates and the related disclosures with the audit committee of our board of directors.

### *Inventories—*

Our inventories are stated at the lower of cost or market. We use the specific identification method to value our vehicle inventories and the “first-in, first-out” method (“FIFO”) to account for our parts inventories. We maintain a reserve for specific inventory vehicles where cost basis exceeds fair value and for parts that we believe are excess or obsolete. In assessing lower of cost or market for new vehicles, we primarily consider the aging of vehicles and loss histories, along with the timing of annual and model changeovers. The assessment of lower of cost or market for used vehicles considers recent data and trends such as loss histories, current aging of the inventory and current market conditions. The assessment of excess and obsolete parts considers the sales activity of specific parts over the last twelve months. These reserves were \$4.8 million and \$4.9 million as of September 30, 2005 and December 31, 2004, respectively.

### *Notes Receivable—Finance Contracts—*

As of September 30, 2005 and December 31, 2004, we had outstanding notes receivable from finance contracts of \$26.1 million and \$30.9 million, respectively (net of an allowance for credit losses of \$3.7 million and \$6.3 million, respectively). These notes have initial terms ranging from 12 to 60 months, and are collateralized by the related vehicles. The assessment of our allowance for credit losses considers historical loss ratios and the performance of the current portfolio with respect to past due accounts. We continually analyze our current portfolio against our historical performance. In addition, we attribute minimal value to the underlying collateral in our assessment of the reserve.

### *F&I Chargeback Reserve—*

We receive commissions from extended service and insurance providers for the sale of vehicle service contracts, credit life insurance and disability insurance to customers. In addition, we receive commissions from financing institutions for arranging customer financing. We may be charged back (“chargebacks”) for finance, insurance or vehicle service contract commissions in the event a contract is terminated by the customer. The revenues from financing fees and commissions are recorded at the time the vehicles are sold and a reserve for future chargebacks is established based on historical operating results and the termination provisions of the applicable contracts. This data is evaluated on a product-by-product basis. These reserves were \$12.7 million and \$12.0 million as of September 30, 2005 and December 31, 2004, respectively.

### *Goodwill and Other Intangible Assets—*

Our retail network is organized into principally four regions that include eleven dealership groups. We evaluate our operations and financial results by dealership in the aggregate. The general managers, with direction from a centralized management team, including corporate and regional management, implement strategic initiatives while maintaining their ability to respond effectively to local market conditions. Based on our management, operational and reporting structure we operate in one segment and therefore we evaluate goodwill at the total company level.

### *Accrued Expenses—*

Payments owed to our various service providers are expensed during the month in which the applicable service is performed. The amount of these expenses is dependent upon information provided by our internal systems and processes. Due to the length of time necessary to receive accurate information, estimates of amounts due are necessary in order to record monthly expenses. In subsequent months, expenses are reconciled and adjusted where necessary. We continue to refine the estimation process based on an increased understanding of the time requirements and close working relationships with our service providers.

## RECENT ACCOUNTING PRONOUNCEMENTS

In October 2005, the Financial Accounting Standards Board (“FASB”) issued Staff Position (“FSP”) No. FAS 13-1, “Accounting for Rental Costs Incurred during a Construction Period,” which requires rental costs associated with ground or building operating leases that are incurred during a construction period to be recognized as rental expense. This Staff Position is effective for reporting periods beginning after December 15, 2005. We currently capitalize rent incurred during the construction period and amortize the costs over the lease term. We will adopt the provisions of FSP No. FAS 13-1 as of January 1, 2006 and begin expensing all rent incurred during the construction period.

In June 2005 the FASB ratified Emerging Issues Task Force No. 05-6, “Determining the Amortization Period for Leasehold Improvements.” The consensus reached is that leasehold improvements acquired in a business combination or purchased subsequent to the inception of the lease should be amortized over the lesser of the useful life of the asset or the lease term that includes reasonably assured lease renewals as determined on the date of the acquisition of the leasehold improvement. We have adopted the provisions of EITF No. 05-6 and are amortizing leasehold improvements over the lesser of the useful life or the lease term, including reasonably assured renewal periods.

In May 2005 the FASB issued SFAS No. 154, “Accounting Changes and Error Corrections” which replaces APB Opinion No. 20, “Accounting Changes” and SFAS No. 3 “Reporting Accounting Changes in Interim Financial Statements.” SFAS No. 154 requires all direct financial statement effects caused by a voluntary change in accounting principle to be applied retrospectively to prior period financial statements as if the new principle had always been applied, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change in principle. APB Opinion No. 20 and SFAS No. 3 previously required that voluntary changes in accounting principle be recognized through a cumulative effect in net income in the period of

change. SFAS No. 154 is effective for reporting periods beginning after December 15, 2005. We do not expect SFAS No. 154 to have a material effect on our consolidated financial position, results of operations or cash flows.

In December 2004, the FASB issued SFAS No. 123 (revised 2004), "Share-based Payment." This statement requires compensation costs related to share-based payment transactions to be recognized in the financial statements. With limited exceptions, the amount of compensation cost will be measured based on the grant-date fair value of the equity or liability instruments issued. Compensation cost will be recognized over the period that an employee provides service in exchange for the award. SFAS No. 123 (revised 2004) replaces SFAS No. 123, "Accounting for Stock-Based Compensation," and supersedes APB Opinion No. 25, "Accounting for Stock Issued to Employees." In April 2005, the Securities and Exchange Commission adopted a new rule that amends the compliance dates for SFAS No. 123 (revised 2004). Registrants would have been required to implement the standard as of the beginning of the first interim or annual period that begins after September 15, 2005. The Commission's new rule allows companies to implement SFAS No 123 (Revised 2004) at the beginning of their next fiscal year, instead of the next reporting period, that begins after September 15, 2005. We are currently evaluating the effect of this statement on our consolidated financial statements and related disclosures.

### Dealership generated Finance and Insurance Gross Profit PVR-

We evaluate our finance and insurance gross profit performance on a Per Vehicle Retailed ("PVR") basis by dividing our total finance and insurance gross profit by the number of retail vehicles sold. During 2003, our corporate office renegotiated a contract with one of our third party finance and insurance product providers, which resulted in the recognition of revenue during the three and nine months ended September 30, 2005 and 2004, that was attributable to retail vehicles sold during prior periods. We believe that dealership generated finance and insurance, which excludes the additional revenue derived from this contract, provides a more accurate measure of our finance and insurance operating performance.

The following table reconciles finance and insurance gross profit to dealership generated finance and insurance gross profit, and provides the necessary components to calculate dealership generated finance and insurance gross profit PVR:

### Item 3. Quantitative and Qualitative Disclosures About Market Risk

#### Interest Rate Risk

We are exposed to market risk from changes in interest rates on a significant portion of our outstanding indebtedness. Based on \$232.2 million of variable rate long-term debt (including the current portion) outstanding at September 30, 2005, a 1% change in interest rates would result in a change of approximately \$2.3 million to our annual other interest expense. Conversely, based on fixed-rate debt of \$266.0 million, a 1% change in interest would mean we would not experience the impact of a \$2.7 million change in interest expense. Based on floor plan amounts outstanding at September 30, 2005, a 1% change in the interest rates would result in a change of approximately \$5.0 million to annual floor plan interest expense.

We received \$19.8 million of interest credit assistance from certain automobile manufacturers during the nine months ended September 30, 2005. Interest credit assistance reduced new vehicle cost of sales for the nine months ended September 30, 2005 by \$20.3 million and reduced new vehicle inventory by \$3.4 million and \$3.9 million as of September 30, 2005 and December 31, 2004, respectively. Although we can provide no assurance as to the amount of future interest credit assistance, based on historical data, it is our expectation that an increase in prevailing interest rates would result in some increase in interest credit assistance from certain automobile manufacturers.

#### Interest Rate Hedges

In December 2003, we entered into two forward interest rate swaps with a combined notional principal amount of \$170.0 million, to provide a hedge against changes in the interest rates of our variable rate floor plan notes payable for a period of eight years beginning in March 2006. The swap agreements were designated and qualify as cash flow hedges of our variable rate floor plan notes payable and will contain minor ineffectiveness. The swaps are scheduled to terminate in March 2006. As of September 30, 2005 and December 31, 2004, the swaps had a fair value of \$7.5 million and \$7.1 million, and are included in Accrued Liabilities and Other Long-Term Liabilities, respectively, on the accompanying Consolidated Balance Sheets.

In December 2003, we entered into an interest rate swap agreement with a notional principal amount of \$200.0 million as a hedge against changes in the fair value of our 8% Senior Subordinated Notes due 2014. Under the terms of the swap agreement, we are required to make variable rate payments based on six-month LIBOR and receive a fixed rate of 8.0%. This swap agreement was designated and qualifies as a fair value hedge of our 8% Senior Subordinated Notes due 2014 and did not contain any ineffectiveness. As a result, our 8% Senior Subordinated Notes due 2014 have been adjusted by the fair value of the related swap. The swap is scheduled to terminate in March 2006. As of September 30, 2005 and December 31, 2004, the swap agreement had a fair value of \$5.5 million and \$2.7 million and is included in Accrued Liabilities and Other Long-Term Liabilities, respectively, on the accompanying Consolidated Balance Sheets.

We have entered into an interest rate swap agreement with a notional principal amount of \$15.2 million as a hedge against future changes in the interest rate of our variable rate mortgage notes payable. Under the terms of the swap agreement, we are required to make payments at a fixed rate of 6.08% and receive a variable rate based on LIBOR. This swap agreement was designated and qualifies as a cash flow hedge of changes in the interest rate of our variable rate mortgage notes payable and will contain minor

ineffectiveness. As of September 30, 2005, the swap agreement had a fair value of \$0.1 million, which was included in Other Long-Term Assets on the accompanying Consolidated Balance Sheets. As of December 31, 2004, the swap agreement had a fair value of \$0.2 million, which was included in Other Long-Term Liabilities on the accompanying Consolidated Balance Sheets.

### Item 4. Controls and Procedures

As of the end of the period covered by this report, the Company conducted an evaluation, under the supervision and with the participation of the Company's chief executive officer and chief financial officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Based on this evaluation, the Company's chief executive officer and chief financial officer concluded that as of the end of such period such disclosure controls and procedures (i) were reasonably designed to ensure that information required to be disclosed by the Company in reports it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time period specified in the rules and forms of the Securities and Exchange Commission and (ii) were effective.

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter to which this report relates that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

#### Forward-Looking Statements

This report contains "forward-looking statements" as that term is defined in the Private Securities Litigation Reform Act of 1995. The forward-looking statements include statements relating to goals, plans and projections regarding our financial position, results of operations, market position, product development and business strategy. These statements are based on management's current expectations and involve significant risks and uncertainties that may cause results to differ materially from those set forth in the statements. These risks and uncertainties include, among other things:

- market factors;
- our relationships with vehicle manufacturers and other suppliers;
- risks associated with our substantial indebtedness;
- risks related to pending and potential future acquisitions;
- general economic conditions both nationally and locally; and
- governmental regulations and legislation.

There can be no guarantees that our plans for future operations will be successfully implemented or that they will prove to be commercially successful. We undertake no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.

## PART II. OTHER INFORMATION

### Item 5. Other Information

On November 3, 2005, Asbury Automotive Group, Inc. (the "Company") and Kenneth B. Gilman ("Mr. Gilman") entered into the Third Amendment to Employment Agreement for Kenneth B. Gilman (the "Third Amendment," with the Employment Agreement between the Company and Mr. Gilman, dated December 3, 2001, and the First and Second Amendments thereto, being collectively defined as, the "Agreement"). Mr. Gilman is a Director and the President and Chief Executive Officer of the Company.

A copy of the Third Amendment is attached to this report on Form 10-Q as Exhibit 10.1, and the following summary is qualified in its entirety by reference to the Agreement. The significant provisions of the Third Amendment are as follows:

- Mr. Gilman's term of employment is renewed for one year through December 31, 2006.
- The terms of the Agreement are the same, except that if Mr. Gilman is terminated (other than by the Company for Good Cause, by Mr. Gilman without Good Reason or due to Mr. Gilman's death or Total Disability), he will receive severance pay from the Company equal to one year of his Base Salary, rather than two years Base Salary as previously provided for in the Agreement, plus an amount equal to the total bonus, if any, actually earned by Mr. Gilman in the year preceding the year in which such termination occurred, calculated in accordance with the Agreement.

FOURTH SUPPLEMENTAL INDENTURE (this "Supplemental Indenture"), dated as of September 30, 2005, among the Subsidiaries of the Company (as defined below) listed on Schedule II hereto (the "Guaranteeing Subsidiaries"), Asbury Automotive Group, Inc., a Delaware corporation (the "Company"), the other Guarantors (as defined in the Indenture referred to herein) and The Bank of New York, as trustee under the indenture referred to below (the "Trustee").

W I T N E S S E T H

WHEREAS, the Company has heretofore executed and delivered to the Trustee an indenture, dated as of June 5, 2002 (as amended, supplemented and otherwise modified by the First Supplemental Indenture dated as of March 19, 2003, by the Second Supplemental Indenture dated as of December 23, 2003, and by the Third Supplemental Indenture dated as of December 7, 2004, the "Indenture"), providing for the issuance of 9% Senior Subordinated Notes due 2012 (the "Notes");

WHEREAS, the Indenture provides that under certain circumstances the Guaranteeing Subsidiaries shall execute and deliver to the Trustee a supplemental indenture pursuant to which each Guaranteeing Subsidiary shall unconditionally guarantee all of the Company's Obligations under the Notes and the Indenture on the terms and conditions set forth herein (the "Subsidiary Guarantee"); and

WHEREAS, pursuant to Section 9.01 of the Indenture, the Trustee is authorized to execute and deliver this Supplemental Indenture.

NOW THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Company, the Guaranteeing Subsidiaries, the other Guarantors and the Trustee mutually covenant and agree for the equal and ratable benefit of the Holders of the Notes as follows:

1. CAPITALIZED TERMS. Capitalized terms used herein without definition shall have the meanings assigned to them in the Indenture.
2. AGREEMENT TO GUARANTEE. Each Guaranteeing Subsidiary hereby agrees as follows:
  - (a) Along with all Guarantors named in the Indenture, to jointly and severally Guarantee to each Holder of a Note authenticated and delivered by the Trustee and to the Trustee and its successors and assigns, the Notes or the obligations of the Company hereunder or thereunder, that:
    - (i) the principal of and interest on the Notes will be promptly paid in full when due, whether at maturity, by acceleration, redemption or otherwise, and interest on the overdue principal of and interest on the Notes, if any, if lawful, and all other obligations of the Company to the Holders or the Trustee hereunder or thereunder will be promptly paid in full or performed, all in accordance with the terms hereof and thereof; and
    - (ii) in case of any extension of time of payment or renewal of any Notes or any of such other obligations, that same will be promptly paid in full when due or performed in accordance with the terms of the extension or renewal, whether at stated maturity, by acceleration or otherwise. Failing payment when due of any amount so guaranteed or any performance so guaranteed for whatever reason, the Guarantors shall be jointly and severally obligated to pay the same immediately.
    - (b) The obligations hereunder shall be unconditional, irrespective of the validity, regularity or enforceability of the Notes or the Indenture, the absence of any action to enforce the same, any waiver or consent by any Holder of the Notes with respect to any provisions hereof or thereof, the recovery of any judgment against the Company, any action to enforce the same or any other circumstance which might otherwise constitute a legal or equitable discharge or defense of a guarantor.
    - (c) The following is hereby waived: diligence, presentment, demand of payment, filing of claims with a court in the event of insolvency or bankruptcy of the Company, any right to require a proceeding first against the Company, protest, notice and all demands whatsoever.
    - (d) This Subsidiary Guarantee shall not be discharged except by complete performance of the obligations contained in the Notes and the Indenture, and such Guaranteeing Subsidiary accepts all obligations of a Guarantor under the Indenture.
    - (e) If any Holder or the Trustee is required by any court or otherwise to return to the Company, the Guarantors, or any Custodian, Trustee, liquidator or other similar official acting in relation to either the Company or the Guarantors, any amount paid by either to the Trustee or such Holder, this Subsidiary Guarantee, to the extent theretofore discharged, shall be reinstated in full force and effect.
    - (f) Such Guaranteeing Subsidiary shall not be entitled to any right of subrogation in relation to the Holders in respect of any obligations guaranteed hereby until payment in full of all obligations guaranteed hereby.
    - (g) As between the Guarantors, on the one hand, and the Holders and the Trustee, on the other hand, (x) the maturity of the obligations guaranteed hereby may be accelerated as provided in Article 6 of the Indenture for the purposes of this Subsidiary Guarantee, notwithstanding any stay, injunction or other prohibition preventing such acceleration in respect of the obligations guaranteed hereby, and (y) in the event of any declaration of acceleration of such obligations as provided in Article 6 of the Indenture, such obligations (whether or not due and payable) shall forthwith become due and payable by the Guarantors for the purpose of this Subsidiary Guarantee.

(h) The Guarantors shall have the right to seek contribution from any non-paying Guarantor so long as the exercise of such right does not impair the rights of the Holders under the Guarantee.

(i) Pursuant to Section 10.02 of the Indenture, after giving effect to any maximum amount and any other contingent and fixed liabilities that are relevant under any applicable Bankruptcy or fraudulent conveyance laws, and after giving effect to any collections from, rights to receive contribution from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under Article 10 of the Indenture, this new Subsidiary Guarantee shall be limited to the maximum amount permissible such that the obligations of such Guarantor under this Subsidiary Guarantee will not constitute a fraudulent transfer or conveyance.

3. EXECUTION AND DELIVERY. Each Guaranteeing Subsidiary agrees that the Subsidiary Guarantees shall remain in full force and effect notwithstanding any failure to endorse on each Note a notation of such Subsidiary Guarantee.

4. GUARANTEEING SUBSIDIARIES MAY CONSOLIDATE, ETC. ON CERTAIN TERMS.

(a) No Guaranteeing Subsidiary may sell or otherwise dispose of all or substantially all of its assets to or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person) another corporation, Person or entity whether or not affiliated with such Guarantor unless:

either

(i)

(A) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger, if other than such Guarantor, assumes all the obligations of that Guarantor under the Indenture, its Guarantee and, if the Exchange Offer has not been consummated or Special Interest remains due and owing, under the Registration Rights Agreement pursuant to a supplemental indenture in form and substance reasonably satisfactory to the Trustee and completes all other required documentation; or

(B) the Net Proceeds, if any, of such sale or other disposition are applied in accordance with the provisions of described in the third paragraph of Section 4.10 of this Indenture; and

(ii) immediately after giving effect to such transaction, no Default exists.

(b) In case of any such consolidation, merger, sale or conveyance and upon the assumption by the successor corporation, by supplemental

indenture, executed and delivered to the Trustee and satisfactory in form to the Trustee, of the Subsidiary Guarantee endorsed upon the Notes and the due and punctual performance of all of the covenants and conditions of the Indenture to be performed by the Guarantor, such successor corporation shall succeed to and be substituted for the Guarantor with the same effect as if it had been named herein as a Guarantor. Such successor corporation thereupon may cause to be signed any or all of the Subsidiary Guarantees to be endorsed upon all of the Notes issuable hereunder which theretofore shall not have been signed by the Company and delivered to the Trustee. All the Subsidiary Guarantees so issued shall in all respects have the same legal rank and benefit under the Indenture as the Subsidiary Guarantees theretofore and thereafter issued in accordance with the terms of the Indenture as though all of such Subsidiary Guarantees had been issued at the date of the execution hereof.

(c) Except as set forth in Articles 4 and 5 and Section 11.05 of Article 11 of the Indenture, and notwithstanding clauses (a) and (b) above, nothing contained in the Indenture or in any of the Notes shall prevent any consolidation or merger of a Guarantor with or into the Company or another Guarantor, or shall prevent any sale or conveyance of the property of a Guarantor as an entirety or substantially as an entirety to the Company or another Guarantor.

5. RELEASES.

(a) In the event of a sale or other disposition of all of the assets of any Guarantor, by way of merger, consolidation or otherwise, or a sale or other disposition of all to the capital stock of any Guarantor, in each case to a Person that is not (either before or after giving effect to such transaction) a Restricted Subsidiary of the Company, then such Guarantor (in the event of a sale or other disposition, by way of merger, consolidation or otherwise, of all of the capital stock of such Guarantor) or the corporation acquiring the property (in the event of a sale or other disposition of all or substantially all of the assets of such Guarantor) will be released and relieved of any obligations under its Subsidiary Guarantee; provided that the Net Proceeds, if any, of such sale or other disposition are applied in accordance with the applicable provisions of the Indenture, including without limitation Section 4.10 of the Indenture. Upon delivery by the Company to the Trustee of an Officers' Certificate and an Opinion of Counsel to the effect that such sale or other disposition was made by the Company in accordance with the provisions of the Indenture, including without limitation Section 4.10 of the Indenture, the Trustee shall execute any documents reasonably required in order to evidence the release of any Guarantor from its obligations under its Note Guarantee.

(b) Any Guarantor not released from its obligations under its Subsidiary Guarantee shall remain liable for the full amount of principal of and interest on the Notes and for the other obligations of any Guarantor under the Indenture as provided in Article 11 of the Indenture.

4

---

6. NO RECOURSE AGAINST OTHERS. No past, present or future director, officer, employee, incorporator, stockholder or agent of any Guarantoring Subsidiary, as such, shall have any liability for any obligations of the Company or any Guarantoring Subsidiary under the Notes, any Subsidiary Guarantees, the Indenture or this Supplemental Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

7. NEW YORK LAW TO GOVERN. THE INTERNAL LAW OF THE STATE OF NEW YORK SHALL GOVERN AND BE USED TO CONSTRUE THIS SUPPLEMENTAL INDENTURE BUT WITHOUT GIVING EFFECT TO APPLICABLE PRINCIPLES OF CONFLICTS OF LAW TO THE EXTENT THAT THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION WOULD BE REQUIRED THEREBY.

8. INDENTURE. Except as expressly amended hereby, the Indenture shall continue in full force and effect in accordance with the provisions thereof as in existence on the date hereof. This Supplemental Indenture shall form a part of the Indenture for all purposes, and every Holder of Notes heretofore or hereafter authenticated and delivered shall be bound hereby.

9. COUNTERPARTS. The parties may sign any number of copies of this Supplemental Indenture. Each signed copy shall be an original, but all of them together represent the same agreement.

10. EFFECT OF HEADINGS. The Section headings herein are for convenience only and shall not affect the construction hereof.

11. THE TRUSTEE. The Trustee shall not be responsible in any manner whatsoever for or in respect of the validity or sufficiency of this Supplemental Indenture or for or in respect of the recitals contained herein, all of which recitals are made solely by the Guarantors and the Company.

5

IN WITNESS WHEREOF, the parties hereto have caused this Supplemental Indenture to be duly executed, all as of the date first above written.

- (h) The Guarantors shall have the right to seek contribution from any non-paying Guarantor so long as the exercise of such right does not impair the rights of the Holders under the Guarantee.

(i) Pursuant to Section 11.03 of the Indenture, after giving effect to any maximum amount and any other contingent and fixed liabilities that are relevant under any applicable Bankruptcy or fraudulent conveyance laws, and after giving effect to any collections from, rights to receive contribution from or payments made by or on behalf of any other Guarantor in respect of the obligations of such other Guarantor under Article 11 of the Indenture, this new Subsidiary Guarantee shall be limited to the maximum amount permissible such that the obligations of such Guarantor under this Subsidiary Guarantee will not constitute a fraudulent transfer or conveyance.

3. EXECUTION AND DELIVERY. Each Guaranteeing Subsidiary agrees that the Subsidiary Guarantees shall remain in full force and effect notwithstanding any failure to endorse on each Note a notation of such Subsidiary Guarantee.

4. GUARANTEEING SUBSIDIARIES MAY CONSOLIDATE, ETC. ON CERTAIN TERMS.

(a) No Guaranteeing Subsidiary may sell or otherwise dispose of all or substantially all of its assets to or consolidate with or merge with or into (whether or not such Guarantor is the surviving Person) another corporation, Person or entity whether or not affiliated with such Guarantor unless:

either

(i)

(A) the Person acquiring the property in any such sale or disposition or the Person formed by or surviving any such consolidation or merger, if other than such Guarantor, assumes all the obligations of that Guarantor under the Indenture, its Guarantee and, if the Exchange Offer has not been consummated or Special Interest remains due and owing, under the Registration Rights Agreement pursuant to a supplemental indenture in form and substance reasonably satisfactory to the Trustee and completes all other required documentation; or

(B) the Net Proceeds, if any, of such sale or other disposition are applied in accordance with the provisions of described in the third paragraph of Section 4.10 of this Indenture; and

(ii) immediately after giving effect to such transaction, no Default exists.

(b) In case of any such consolidation, merger, sale or conveyance and upon the assumption by the successor corporation, by supplemental

indenture, executed and delivered to the Trustee and satisfactory in form to the Trustee, of the Subsidiary Guarantee endorsed upon the Notes and the due and punctual performance of all of the covenants and conditions of the Indenture to be performed by the Guarantor, such successor corporation shall succeed to and be substituted for the Guarantor with the same effect as if it had been named herein as a Guarantor. Such successor corporation thereupon may cause to be signed any or all of the Subsidiary Guarantees to be endorsed upon all of the Notes issuable hereunder which theretofore shall not have been signed by the Company and delivered to the Trustee. All the Subsidiary Guarantees so issued shall in all respects have the same legal rank and benefit under the Indenture as the Subsidiary Guarantees theretofore and thereafter issued in accordance with the terms of the Indenture as though all of such Subsidiary Guarantees had been issued at the date of the execution hereof.

(c) Except as set forth in Articles 4 and 5 and Section 11.05 of Article 11 of the Indenture, and notwithstanding clauses (a) and (b) above, nothing contained in the Indenture or in any of the Notes shall prevent any consolidation or merger of a Guarantor with or into the Company or another Guarantor, or shall prevent any sale or conveyance of the property of a Guarantor as an entirety or substantially as an entirety to the Company or another Guarantor.

5. RELEASES.

(a) In the event of a sale or other disposition of all of the assets of any Guarantor, by way of merger, consolidation or otherwise, or a sale or other disposition of all to the capital stock of any Guarantor, in each case to a Person that is not (either before or after giving effect to such transaction) a Restricted Subsidiary of the Company, then such Guarantor (in the event of a sale or other disposition, by way of merger, consolidation or otherwise, of all of the capital stock of such Guarantor) or the corporation acquiring the property (in the event of a sale or other disposition of all or substantially all of the assets of such Guarantor) will be released and relieved of any obligations under its Subsidiary Guarantee; provided that the Net Proceeds, if any, of such sale or other disposition are applied in accordance with the applicable provisions of the Indenture, including without limitation Section 4.10 of the Indenture. Upon delivery by the Company to the Trustee of an Officers' Certificate and an Opinion of Counsel to the effect that such sale or other disposition was made by the Company in accordance with the provisions of the Indenture, including without limitation Section 4.10 of the Indenture, the Trustee shall execute any documents reasonably required in order to evidence the release of any Guarantor from its obligations under its Note Guarantee.

(b) Any Guarantor not released from its obligations under its Subsidiary Guarantee shall remain liable for the full amount of principal of and interest on the Notes and for the other obligations of any Guarantor under the Indenture as provided in Article 11 of the Indenture.

6. NO RECOURSE AGAINST OTHERS. No past, present or future director, officer, employee, incorporator, stockholder or agent of any Guaranteeing Subsidiary, as such, shall have any liability for any obligations of the Company or any Guaranteeing Subsidiary under the Notes, any Subsidiary Guarantees, the Indenture or this Supplemental Indenture or for any claim based on, in respect of, or by reason of, such obligations or their

creation. Each Holder of the Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

7. **INDENTURE.** Except as expressly amended hereby, the Indenture shall continue in full force and effect in accordance with the provisions thereof as in existence on the date hereof. This Supplemental Indenture shall form a part of the Indenture for all purposes, and every Holder of Notes heretofore or hereafter authenticated and delivered shall be bound hereby.

8. **NEW YORK LAW TO GOVERN. THE INTERNAL LAW OF THE STATE OF NEW YORK SHALL GOVERN AND BE USED TO CONSTRUE THIS SUPPLEMENTAL INDENTURE BUT WITHOUT GIVING EFFECT TO APPLICABLE PRINCIPLES OF CONFLICTS OF LAW TO THE EXTENT THAT THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION WOULD BE REQUIRED THEREBY.**

9. **COUNTERPARTS.** The parties may sign any number of copies of this Supplemental Indenture. Each signed copy shall be an original, but all of them together represent the same agreement.

10. **EFFECT OF HEADINGS.** The Section headings herein are for convenience only and shall not affect the construction hereof.

11. **THE TRUSTEE.** The Trustee shall not be responsible in any manner whatsoever for or in respect of the validity or sufficiency of this Supplemental Indenture or for or in respect of the recitals contained herein, all of which recitals are made solely by the Guarantors and the Company.

I-5

IN WITNESS WHEREOF, the parties hereto have caused this Supplemental Indenture to be duly executed, all as of the date first above written.

This third amendment to the Employment Agreement (as defined below), dated as of November 3, 2005 (this "Amendment"), is made between Asbury Automotive Group, Inc., a Delaware corporation (the "Company"), and Kenneth B. Gilman ("Executive").

**RECITALS**

WHEREAS Asbury Automotive Group, L.L.C. and Executive entered into the Employment Agreement, dated as of December 3, 2001, as amended February 26, 2004 and November 8, 2004 (the "Employment Agreement");

WHEREAS, on March 19, 2002, the Company became the successor in interest of Asbury Automotive Group, L.L.C.;

WHEREAS Executive has indicated his desire to renew the term of the Employment Agreement;

WHEREAS, in consideration for Executive's agreeing to amend the Employment Agreement as set forth herein, the Company has agreed to renew the term of the Employment Agreement;

WHEREAS the Company and Executive have agreed to renew the term of the Employment Agreement for an additional year through December 31, 2006, as contemplated by Section 12(c) of the Employment Agreement; and

WHEREAS the Company and Executive desire to amend the Employment Agreement as set forth below.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. The term of the Employment Agreement is hereby renewed through December 31, 2006, unless terminated earlier pursuant to Section 15 of the Employment Agreement.
2. Section 12(b) of the Employment Agreement is hereby amended to read in its entirety as follows:
  - (i) In addition to the Accrued Obligations, if Executive's employment hereunder is terminated pursuant to Section 15 (x) by Executive for "Good Reason" or (y) by the Company for any reason other than for (I) "Good Cause" or (II) the occurrence of the death or Total Disability of Executive, the Company shall pay to Executive (after execution and delivery by Executive of a Termination Release (defined below)) as severance pay:
    - (A) a lump sum cash payment in the amount of 100% of the present value, as of the date of such termination, of his current Base Salary, said present value to be determined in good faith by the Board of Directors based on an assumption that such amount would be paid over a 12 month period, using the Prime Rate reported by JP Morgan Chase Manhattan Bank as of the close of business on the date of such termination; and

(ii) Payment of such severance pay will be made in a lump sum within 30 days of such termination.

3. Except as specifically amended hereby, the other terms and conditions of the Employment Agreement shall remain in full force and effect.
4. This Amendment may be executed in one or more counterparts, all of which shall be considered one and the same agreement.
5. This Amendment shall be deemed to be made in, and in all respects shall be interpreted, construed and governed by and in accordance with, the laws of the State of New York, without regard to the conflicts of law principles of such State.

IN WITNESS WHEREOF, the parties hereto have caused this Amendment to be duly executed as of the day and year first written above.
